What is Smart Choice Pizza?

No matter how you slice it, everyone loves fresh hot pizza! Smart Choice Pizza was created to fill our customers needs. We needed a great tasting, lower fat pizza to serve our students and staff. We decided that we need to be able to offer a freshly baked, made from scratch product, which would meet our customers' expectations. We looked around, compared many products and came up with our own recipe. A professional chef was brought in to help us develop Smart Choice Pizza.

From taste-testing to quality control, every aspect of Smart Choice is about nutrition and quality.

And don't forget: anytime you order your pizza, you are contributing to your school district's budget.

While you enjoy fresh pizza, be assured the nutritional value is superior to most pizza: Less than 34% of calories from fat & less than 13% of calories from saturated fat.

Smart Choice Pizza is also an excellent source of protein and calcium.

Santa Clarita Valley School Food Services Agency

Serving the students of the Santa Clarita Valley since 1989
